Nous connaissons 23 pochettes de 36 mm et 18 pochettes de 44 mm.

Il est possible voir probable que toutes les pochettes de 36 mm excitent avec les versos 1 et 3.

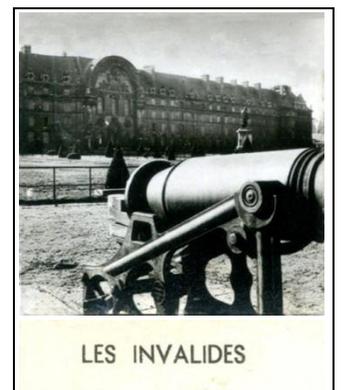

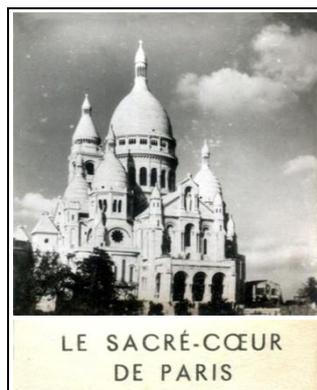

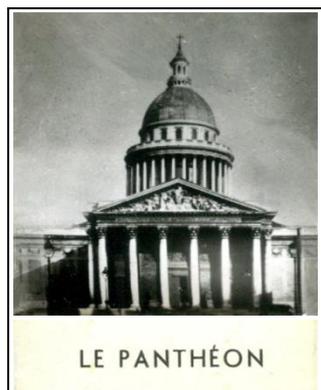

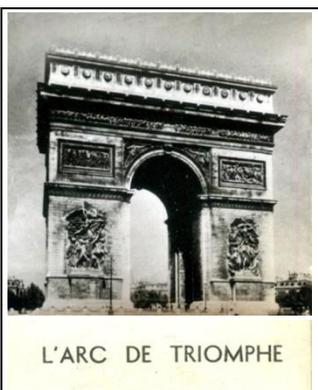

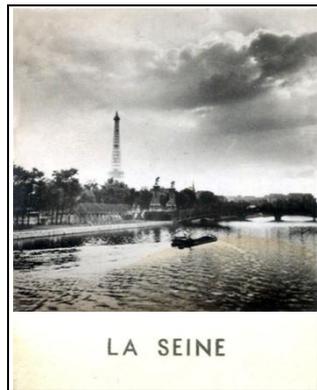

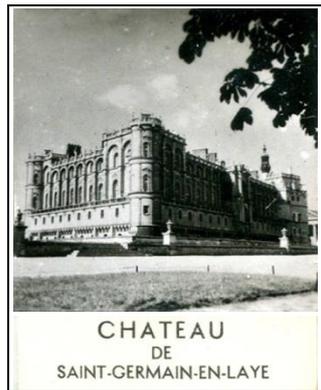

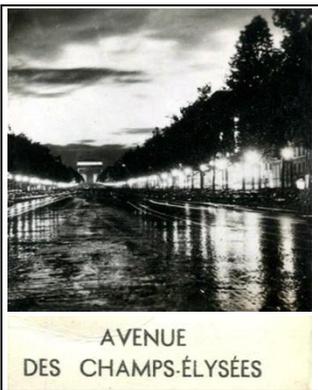

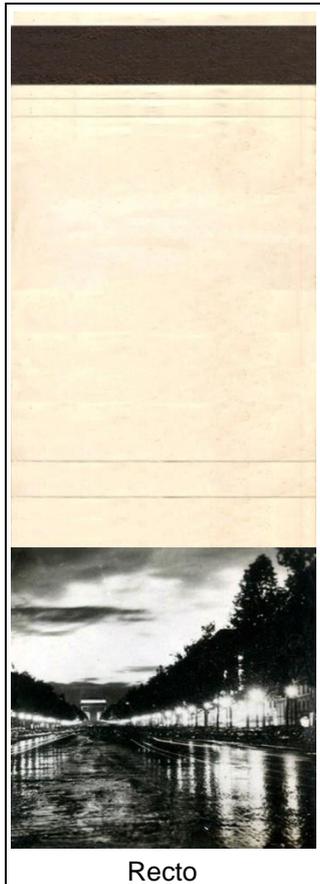

Avec le verso 2 nous ne connaissons que la pochette "**l'Arc de Triomphe-les Quais de la Seine**".

Pour la pochette "**les Invalides- le Louvre**" il y a une erreur de la légende au verso 1 (le Panthéon-le Louvre).

Dans le format 36 mm nous avons la pochette "**les Quais Bouquinistes-la Conciergerie**".

Pour cette même pochette au format 44 mm nous avons "**Les Bouquinistes des Quais- la Conciergerie**".
